*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries)

This Craftsman style farm house illustrates the transition from the Queen Anne style to the Craftsman style dwelling. Rectilinear in plan, one and one half stories, V-groove wood siding, gable front roof a deep set porch with stocky turned columns on a closed rail. One-over-one wood framed paired windows and six-over-six hopper window at gable end. Entry door probaly original. Property also includes a hatchery building of corrugated metal with roof brackets at corners. The adjacent hatchery structure of corrugated metal with roof brackets at corners is slightly altered. The property is nearly exact to the model "back yard" industries designed and promoted by Duncan McPherson.

Significance: The property is an excellent example of Craftsman style domestic architecture and retains the original features including material, elements, forms and setting of an early twentieth-century Live Oak chicken ranch and meets the County of Santa Cruz criteria for a historic resource NR5.
