

# Recorded Map Look-up with GISWeb app

[GISWeb](https://gis.santacruzcounty.us/gisweb/) URL: <https://gis.santacruzcounty.us/gisweb/>

This is what the app looks like when its first opened.

- 1) Choose search type (by selecting the appropriate radio button APN -Address-Street - Intersection).
- 2) Enter the Value (APN or Address).
- 3) Press enter.
- 4) The map will zoom to the selected Address or APN

Whichever way you query the recorded maps (except for entering a map number), all the other layers listed as tabs are also queried at the same time. After you do a search, you can click on Non-recorded maps and see all of them listed as well without having to query again with the APN or interactive query tools.
